

# TuksCycling

## TuksSport

*The TuksCycling Club is a club that gives University of Pretoria students the chance to compete in the colours of the university. The main focus on the racing calendar is the University Sports South Africa (USSA) championships, a mini road tour that takes place during the June/July holidays. There also is a mountain bike race at the championships that offers the riders who are up for the challenge a great one-day mountain biking event.*

## **How do I join?**

We encourage both male and female students to become part of this club and join in the fun, on and off the road.
